Volunteer for Tech Trek New Jersey 2017

Volunteering with Tech Trek is a great way to get involved in helping 8th grade girls discover their potential in STEM. Tech Trek is staffed almost entirely by volunteers, and couldn't be done without volunteer efforts. All overnight volunteers receive reimbursement for obtaining required clearance, complimentary room and board on campus, and a modest stipend.

Selection Committee Members are AAUW volunteers responsible to read all nominations and applications, following Tech Trek selection criteria and guidelines. Some selection committee members will also be responsible to conduct interviews with prospective campers and their parents or guardians.

Dorm Monitors are responsible for a small group of Tech Trek campers, provide emotional support, and respond to campers' questions and concerns for 2-3 day shifts throughout the week.

Each Dorm Monitor will have a 'dorm group' of seven to ten girls. Dorm monitors will hold evening meetings with their dorm groups and keep track of their whereabouts overnight. They will accompany girls to evening campus activities and will be in charge of the enforcement of camp rules and policies. Dorm monitors will rotate throughout the camp and pass along updates to their replacements for each shift.

Camp Day Counselors are volunteers who assist teachers, Dorm Monitors and the Camp Director during the week of Tech Trek camp with activities, field trips, material preparation and general camper needs.

Camp Day Counselors will supervise campers throughout the day and assist camp staff with classes and other activities. They will help to provide a safe environment, monitor campers, ensure they are where they need to be, and act as a role models for the campers by demonstrating a warm, positive outlook and attitude as well as an excitement for STEM.

Workshop presenters should be organized, prepared and have a disposition that reflects excitement for Tech Trek and STEM learning. They should have a good reputation in their workplaces, schools, or communities as an involved STEM practitioner or educator and role model.

Professional Women Panelist – July 20, 2017 Applications Being Accepted Now

Tech Trek camp welcomed 41 Women in STEM Professions to a Networking Dinner with the campers at Stockton University's Campus Center Event Room on Thursday, July 20, 2017 from 6:00 – 9:30pm. We are seeking at least 40 again for 2017.
